2010 REMEDICATION technologies symposium

Association Profile

Established in 1987, the Environmental Services Association of Alberta (ESAA) is one of Canada's leading business associations with close to 250 member companies. Dedicated to building a strong environmental industry, ESAA is a business organization with a business approach in providing programs that lead to its members' corporate success.

Conference Profile

Having just concluded our eighth annual Remediation Technologies Symposium, we are happy to report that demand for both delegate passes and booth space continues to grow. In 2009, the two-day technical program consisted of more than 50 platform presentations grouped into sessions chaired by leaders in environmental remediation research and application. The program was developed from abstracts collected from across North America. Over 600 delegates attended and the trade show was once again sold out!

Be a Sponsor!

Profile your organization before the 2010 RemTech Symposium delegates and support this outstanding event!

What delegates said about previous RemTech Symposiums

- Overall, outstanding program delivery!
- No, do not change. Out of 15 tradeshows this year yours ranks top 2.
- This is the first time I have attended RemTech and I must say that it was the best technical conference I have ever attended in my 12 year career. It was fantastic, I cannot offer any way to improve this fantastic event!!
- Keep doing what you're doing. That was the best conference I've been to. The content, the organization, the venue, the speakers were excellent. Good job.
- As usual a terrific job. Not sure how one could improve upon perfection!! Good work and hats off to all of the organizers!
- Well run!!!!
- I would just like to say that your support of charities is an excellent addition to the program!
- Well worth the time to participate.
- It was just a great conference!
- Excellent convention—facilities, content and organization. Keep up the good work!
- Excellent networking opportunities! Casino was a hit!

Sponsorship Opportunities

Join Us

Join us for the ninth annual **Remediation Technologies Symposium 2010 (RemTech 2010)**, the premier remediation technology transfer event for environmental professionals, encompassing the latest innovations in soil and groundwater remediation. Attendance at **RemTech 2010** is highly recommended for all industry sectors that have a vested interest in the remediation of contaminated sites.
