Sponsorship Opportunities

ESAA is pleased to report that the inaugural **WaterTech** Symposium, held in April 2008, was a huge success! Building on that success, we are announcing **WaterTech 2009** – the premier water technology transfer event for environmental professionals. Attendance at the first **WaterTech** exceeded all expectations, with a waiting list for both delegates and exhibitors. **WaterTech 2009** is highly recommended for all industry sectors that have an interest in the technical aspects of water and wastewater management.

Conference Profile

Since 2002, ESAA has hosted the incredibly successful RemTech Symposium each October in Banff. Delegate & exhibitor numbers, as well as sponsorship support, increased steadily, causing RemTech to outgrow its original venue after three years. Owing to the ongoing space limitations at RemTech, ESAA has not been able to profile water technology to the level it deserves and delegates want. WaterTech gives us the opportunity to focus on a relevant and growing area of interest in the environmental sector. Thanks to the success of the first WaterTech, we have moved to the Fairmont Banff Springs Hotel and in 2009, ESAA anticipates more than 400 delegates and close to 50 exhibitors will participate in the second WaterTech.

Association Profile

Established in 1987, the Environmental Services Association of Alberta (ESAA) is one of Canada's leading business associations with close to 250 member companies. Dedicated to building a strong environmental industry, ESAA is an industry association with a business approach in providing programs that lead to its members' corporate success. Visit our website for more information: www.esaa.org.

What delegates said about Water Tech 2008...

"Outstanding event for a first year."

"For years Alberta has needed a high profile conference dedicated to water. WaterTech could be that conference."

"To date in the province, we have not had another conference of this caliber."

"Wow! Another amazing conference by ESAA!"

"An excellent opportunity to network and learn."
